This map includes designated, managed trails; many can be used year round. Trail quality and difficulty of use can vary considerably, with surface materials ranging from pavement and groomed snow to dirt and corduroy. Some trails are signed and regularly maintained; others are not. Even maintained trails can be challenging when wet or covered in fresh snowfall.

Similarly, major access roads range from paved highways to good gravel to poorer gravel roads, which may not be regularly maintained.

regularly maintained.

Temperatures can range from winter lows of -40° celsius to summer highs in the upper 30s. Precipitation and harsh

conditions can occur at any time. Bugs can be bothersome, especially in wet and shaded areas in late spring and summer.

You may encounter wildlife, such as coyotes and large

ungulates. Fall hunting is permitted in many areas; be aware, wear bright colours and follow safe practices.

Trails may be remote from services or help. Carry sufficient food, water, clothing, first aid and emergency/survival supplies, repair gear, navigation equipment and a mobile phone

Note: mobile phones may not have reception in all areas.

The recreational trails shown on this map are unsupervised and are used at the personal responsibility and risk of persons using
